2 PRESENTATION: 6:00 to 7:00 pm
World Class Manufacturing by Dr. Raymond Rakhshani
This presentation reveals strategic guidelines derived from collaborative research into the world's best organizations and people. It considers the complete set of issues that should be addressed at each stage of business development and management. Furthermore, it expounds on a general holistic framework called Transition to Lean (TTL) in order to address the need for measurements for improving productivity and quality of operations, engineering, service and manufacturing processes.

RAFFLE PRIZE at the end of the presentation!!!
